Overview and Objectives

Kennesaw State University strives to provide students with an array of experiential education opportunities outside of the classroom. The Owl Job Shadow Program provides students with a job shadow experience to help them explore different career opportunities and see what it is like to work after graduation.

The objectives of this program include:

- Observation opportunities to see what a career field looks like “in real life”
- Connect classroom learning with workplace experience
- Broaden the view of opportunities for students at many different companies
- Create a starting point for learning how to network with professionals
- Practice professionalism and business etiquette
- Help to define potential career paths after graduation

Benefits of program to students:

- Visit a company to see how it runs on a daily basis
- Get a real look into different career paths you can potentially take
- Use this time as a “pre-interview” for potential internship, co-op or job opportunities
- See different ways you can incorporate your major into a career
- See the specific benefits or unique perks to working for a specific company, and see what their work culture is like
- Practice using professionalism and gain some hands-on experience networking with other professionals
Program Outline

All interested students in the Owl Job Shadow Program will apply directly to the Department of Career Planning and Development through Handshake. You will be asked to rank your top 5 job shadow locations but our team will assign each approved student to an organization(s) based on their career interests and qualifications. The steps to participate in the Owl Job Shadow Program are:

1. Apply to the Owl Job Shadow Program position within Handshake.

Open the position associated with the semester for which you are applying.
   d. Click on the green “Apply” button and submit your resume. If you don’t have an approved resume in Handshake, you will have to upload that before you will be able to apply.
   e. You will be redirected at the end of your application to fill out a survey. You MUST complete that survey in order to complete your application. This will include a place for you to select your top 5 shadow locations.

The No-Show Policy applies:
